

Windows installation and update

- Installation
- Update

Installation

1/ Deactivate the Windows firewall

2/ Install Java 8 64bits.  We recommend OpenJDK implementation from RedHat : <http://download.myopenbee.com/software/openjdk/>

If you choose to use the Oracle JDK, installing JCE 8 (Java Cryptography Extension) is mandatory

- download JCE files from <http://www.oracle.com/technetwork/java/javase/downloads/jce8-download-2133166.html>
- unzip JCE files in the folder "lib\security" folder of your Java installation

3/ Run the installer as administrator

4/ You can check if the installation is ok from the [Web interface](#)

Update

1/ Uninstall the previous version of Open Bee™ Scan OCS from the menu Start.

2/ Install the new version
